

Register for Tyler Support

Everyone can register for Tyler support from <https://www.tylertech.com/> in the upper right corner.

The best way to register is to click the blue Client Support button from any page on tylertech.com. You can navigate to your product and register from there, as well as save the support page to your favorites in your browser.

Click Register and choose your product. Munis is shown as an example:

The screenshot shows a web browser window at <https://www.tylertech.com/client-support>. The browser's address bar and tabs are visible. The main content area is titled "Choose Your Product" and displays a grid of product names. The products listed are:

Brazos	Munis
Document Pro	New World ERP
Eagle	New World Public Safety
Eden	Odyssey
EDP Financial	Orion
EDP Student	Profund
EnerGov	Schoolmaster
ExecuTime	SISFin
Fundbalance	SoftCode
iasWorld	Tax-Wise
Incode	Traversa
Incode 10	Tyler Pension
Incode Public Safety	Tyler Pulse
Infinite Visions	Tyler SIS v9 (SISK12)
Microsoft Dynamics® AX	Tyler SISv10
Modria	Versatrans

The screenshot shows the "Munis Support" page at <https://www.tylertech.com/client-support/munis-support>. The page features a navigation bar with the Tyler Technologies logo, menu items like "Solutions", "The Client Experience", "About Us", and "Careers", a search bar, and buttons for "Client Support", "LOGIN", and "REGISTER". The main content area includes a breadcrumb trail "Home • Client Support • Munis Support", the heading "Munis Support", and the text "MUNIS users, please login, or register for access". A red callout box points to the "REGISTER" button in the navigation bar with the text "Add your support page to your browser favorites". Another red callout box highlights the "register" link in the main text.

Fill out the form and submit your registration.

Select your product

Fill in the form fields then click register at the bottom of the form.

As soon as our administrators have your registration in the system, you will get an email that you can log into your support page.

To join Community, when you have logged in, click the link to Community on the support page. A new Community account will open for you and you are ready to get answers and get back to work.

Other links on the support pages are for you to enter an urgent request for support or you can also call in for urgent issues. If your site has a subscription to Tyler U, you can access that from the support pages as well.
