Property Reassessment Data Collectors Moving Into Smyrna

Dover, Del. – Property Reassessment data collection is completed in the Town of Kenton, and collection is winding down in Clayton. Today, data collection will move into the Town Limits of Smyrna.

Feel free to contact Tyler Technologies with any questions.

As a reminder, Data Collectors are NOT required to enter the interior of properties. They will simply ask questions at the door and measure exteriors.

If no one is at the property, the data collector will complete an exterior inspection, including exterior measurements and will estimate the interior using similar properties and/or existing assessment data. Due to security protocols, no assessment brochures will be left at the property, however a data mailer verification document will be mailed, addressed to the property owner. Property inspections will occur between normal business hours, Monday through Friday. Saturday inspections may occur over the duration of the project (as needed).

Data collectors can be identified by their bright yellow “Tyler” vest and Kent County issued photo ID badge, and can also be identified on the Reassessment Section of Kent County Levy Court website at: <https://empower.tylertech.com/rs/015-NUU-525/images/kent-county-data-collectors.pdf>

Also, a **Reassessment web page** can be easily accessed from the Kent County Levy Court website, www.co.kent.de.us. Just click on the Reassessment link, and click “More Information. There is also a FAQ page that can address many common questions.
